MANAGE REVENUE DISTRIBUTION

Manage Revenue Distribution allows you to see the revenue transactions that have been recognized and will display in a PGM Report.

1. Under Tasks, select **the Manage Revenue Distribution** link.

2. On the Search screen select the **Advanced** button.

3. In the Business Unit select **Rutgers BU** from the drop down menu.

4. **Interval** is the time frame for looking at the recognized Revenue transactions.

Inception to Date – from Conversion to the Accounting Period selected

Year – Fiscal Year selected

Quarter – defined by the Quarter and Year chosen

Period – the month chosen in the Accounting Period

5. Enter an **Accounting Period** – based on criteria selected in the interval field

6. Enter in your **Project Number**. You can enter a specific task. If you do not enter a task then you will see all revenue received for that project. You can also enter a Contract to narrow the search criteria by Rutgers Foundation, Internal, External etc.

Once the Revenue has been recognized the total will display in the PGM Reports. After the Create Accounting has been updated – the revenue will be reflected in the Financial Reports.

TIE BACK THE REVENUE JOURNAL FROM A PROJECT TO THE GL

The following steps will allow you to locate the GL Journal Entry used to process revenue against a Non-Sponsored Projects via the following GL categories:

- RU Cash Receipts
- RU PGM Rev Transfer
- RU PGM Revenue Adj
- RU PGM Revenue Accrual

- Select the **Revenue** tile from the homepage.

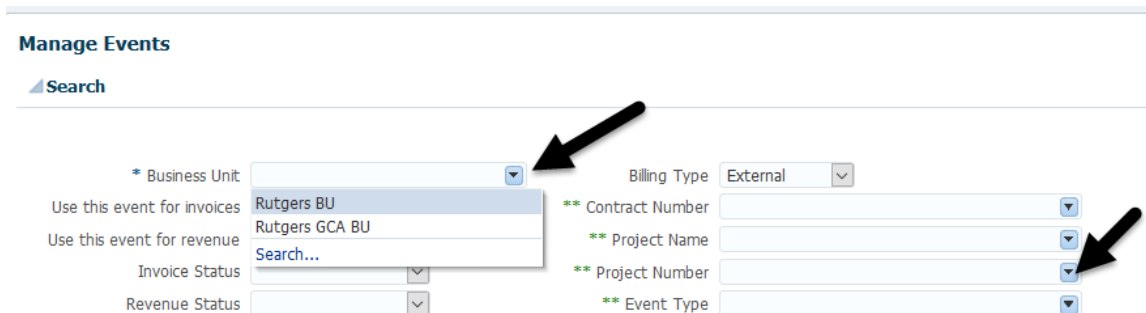

2. Under Tasks, select the **Manage Events** link.

3. Enter Search criteria.

- In the Business Unit select **Rutgers BU** from the drop down menu.
- Enter in your **Project Number**.

TIP: You can also use a date range by selecting Completion Date, Revenue Status change to Unrecognized or you can fill in the Event Type (RU Cash Receipts, RU PGM Rev Transfer, RU Revenue Adj) by using the drop down arrow. Click the **Search** button.

4. In the search results, the event type contains Journal Details.

Event Amount in Bill Transaction Currency	Event Amount in Contract Currency	Event Amount in Invoice Revenue Currency	Completion Date	Event Source
3,369.62 USD	3,369.62 USD	3,369.62 USD	1/23/17	42-80582-19239
4,749.37 USD	4,749.37 USD	4,749.37 USD	12/23/16	14-61373-13848
14,749.39 USD	14,749.39 USD	14,749.39 USD	3/17/17	24-112828-34272

Event type **24-112828-34272**

The first two digits are the journal line of the transaction

The second set of numbers are system generated

The third set of numbers are the **Accounting Sequence Number** on the GL Journal

- To view the GL Journal for the above event type, select the General Accounting tile on the homepage.

- Select Journals.

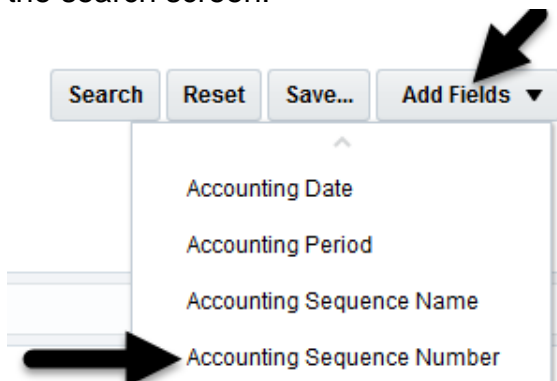

- Select Tasks and Manage Journals.

- In the Search screen, select Add Fields and Accounting Sequence Number.

TIP: If you click save, the Accounting Sequence Number will remain as part of the search screen.

- Enter the Accounting Sequence Number from the Event Type in Manage Events. In our example Event type **24-112828-34272** it would be 34272. Also populate at least one of the required elements (**) and select Search.
